Change Your Oxygen, Change Your Life!

YOUR GUIDE TO RESPIRATORY FREEDOM

Call **844-977-1364** for a free consultation

TAKE A DEEP BREATH. THAT'S WHAT FREEDOM FEELS LIKE.

If you have respiratory issues and require oxygen therapy, get ready for a welcome breath of fresh air. For 20 years, OxiMedical has helped patients replace bulky oxygen tanks with lightweight, portable oxygen concentrator systems that deliver superior health benefits with the extra advantage of greater freedom.

OxiMedical

Portable oxygen to help you enjoy life without limits.

OxiMedical all-in-one portable oxygen concentrators are designed for superior mobility and ease. They replace lugging around heavy oxygen tanks — or the need for any tanks at all — because they convert the air around you into medical-grade oxygen. All in systems small enough to discreetly carry in a shoulder bag.

While OxiMedical concentrators are some of the most powerful pulse dose technology systems, they are also super light. Take your concentrator anywhere you go with total confidence and freedom. Charging is also a snap, with the ability to plug into a wall outlet, car DC outlet, or on the go with an external battery charger.

Freedom Takes Flight

All OxiMedical portable systems meet FAA requirements for air travel.

Oxygen At Home

WHISPER QUIET OXYGEN THERAPY TO HELP YOU REST EASY.

Patients who suffer from chronic respiratory distress often require a continuous flow of oxygen, especially while they sleep at night. Our At Home oxygen system combines powerful, secure 5-liter per minute oxygen delivery with technology that not only removes noise, but greatly reduces size and power consumption.

At Home Oxygen is a compact unit you can easily and safely keep at your bedside. In fact, it's so light you can even use it during the day as a companion around the house. All with incredible energy effciency to help you save more over time.

Standard Home Oxygen Concentrator

- ✗ Heavy & bulky
- ✗ Very loud
- ✗ High power consumption

INOGEN at HOME

Half the weight!

- ✓ Only 18 pounds
- ✓ Extremely quiet
- ✓ Low power consumption

OUR CUSTOMERS ALWAYS HAVE THE FINAL WORD.

“My OxiMedical system is so much lighter than canisters, and gives me hours of freedom to do what I want. I also love the charging options. I only wish I found OxiMedical sooner.”
- Jerry L.

“As someone with COPD, having OxiMedical at my side makes me feel safe. Last Christmas, my family took me to Walt Disney World, and I had the best day of my life. Thank you for giving me the ability to live my life again.”
- Situ G.

“I’m beyond satisfied with my OxiMedical portable and plug-in concentrators. The portable one lets me keep doing the work I enjoy, and walks and light exercise, while the plug-in is so quiet and lightweight. It travels with me to visit family, and on trips with my husband. I’m so thankful.”
- Debra E.
